

Safety Features of the Hotel

The hotel is located on Xian Road in the district of Chao Yang.

- The hotel is a 25-story building with 458 guest rooms, 63 apartments and 84 offices.
- The hotel is near Changchun Center Hospital & Fire Fighting General Team Hospital.
- The hotel is located in the city center, nearby the Bank of China Building & Charter Plaza Shopping Mall.
- There are ten safety exits on the 1st floor to ensure a safe evacuation.

WATER

The hotel tanks hold 800m³ of water, which allow the hotel to operate for 30 hours continually without need for re-supply. In addition, the hotel always has enough stock of mineral water to supply 1,000 people for four days.

ELECTRICITY

The hotel has two power generation plants capable of producing 2,500KVA, which become operational within 3-5 seconds of a power failure. Each guest room is supplied with an emergency torch light.

GAS

The hotel uses the public utility system and has Liquefied Petroleum Gas (LPG) back up.

HEATING / HOT WATER

We have our own hot water generation system, which can be fueled either by diesel or electricity.

FIRE LIFE SAFETY SYSTEM

- All floors of the hotel are equipped with fire doors.
- Every floor of the hotel is equipped with anti-smoke masks.
- The hotel is entirely protected with smoke detectors.

- The hotel Fire Alarm system is linked with Changchun Fire Brigade 119 Fire Alarm system.
- Every floor of the hotel is equipped with activated alarm light, alarm bell, artificial report system to the police.
- Fire sprinklers including those located in guest rooms and fire hose reels automatically activate pumps when water is released, and are located throughout the hotel.
- The hotel is also equipped with an automatic smoke avoid exhaust system.

EMERGENCY PUBLIC ADDRESS SYSTEM

Our emergency public address system covers all areas of the hotel with three language tapes for communication in English, Chinese and Japanese.

FOOD

The food we stock can supply guests and employees three times a day for four days.

SECURITY MONITORING

We have 24 hours security coverage. Each exit is equipped with detectors to enhance further the ability to provide a truly safe environment for our guests and employees.

PREPAREDNESS

The hotel has a comprehensive emergency plan, which has been developed to cover many situations that may occur. Regular training and emergency procedure drills are conducted, with evacuation drills twice a year.

All the systems are regularly tested. We have a Life and Safety Officer whose job is to ensure that all systems are 100% operational.

GUEST SAFETY AND SECURITY

Shangri-La Hotels and Resorts would like to assure every guest of our commitment to their personal safety and security.
