

## Safety Features of the Hotel

Traders Hotel Manila has a full time certified Fire & Life Safety Systems Manager, whose responsibilities include monitoring, maintaining, and training all staff in use of the hotel's fire, life and safety systems. There are CCTV cameras installed throughout the hotel.

### FIRE SAFETY

The hotel is equipped with a comprehensive fire safety system. An emergency evacuation plan is conveniently located at the back of each guestroom door. There are three emergency doors on each floor that are regularly inspected. Function rooms located on the second floor have seven emergency exits. A floor plan is also placed at the back of each function room door.

All of our staff at Traders Hotel Manila participate in safety and security workshops and has been trained in emergency situations.

The Emergency Response Team of the hotel also conducts a fire drill three times a month and other emergency evacuation situation drills.

### WATER

The hotel has an ample supply of fresh potable water that is filtered using ultra violet light installed in water pipes. Water testing for micro organism or bacteria is conducted regularly.

### FOOD

The hotel conducts regular training on its Food Safety Management System (FSMS). All food items pass very rigid control procedures as implemented by the FSMS team based on the principle of Hazard Analysis Critical Control Point.

### FUEL AND POWER

All outlets provide 220V, AC, Single Phase, 50 Hz. Transformers for 110V are available. Due to its central location, the hotel is connected to two service stations of the Manila Electric Company, namely: Pasay and Manila. Hence, the hotel can conveniently switch on to either of these terminals in case of power interruptions. In the event of a nationwide power interference, the stand-by 350KW generator will automatically be activated, normal operations can be resumed without disruption.

### GUEST SAFETY & SECURITY

Shangri-La Hotels and Resorts would like to assure every guest of our commitment to their personal safety and security .
