

# Green! Mission

Every single thing we do every day has an impact on the planet. The good news is that as an individual, you have the power to control most of your choices and, therefore, the impact you create.

Here at Shangri-La Hotel, Singapore, we urge you to join us in protecting the earth and having a better quality of life by engaging in our green meetings and having fun in the process of doing so!

*Remember little changes, big difference.*

SINGAPORE

An average meeting delegate produces 61 pounds of solid waste, uses 846 gallons of water, and produces 1419 pounds of green house gas emissions. Each piece of paper used is equivalent to burning a 60W light bulb for one hour.\*

And you thought you were just attending a meeting.

*Reduce, Reuse and Recycle with our **GREEN MEETING PACKAGE***
