

VIVID COCKTAIL

ALL COCKTAILS AT \$29

Each year an internationally renowned artist is commissioned to create an original artwork for projection onto the Sydney Opera House that captures the spirit of the iconic landmark recognised as the cultural epicentre of Australia.

Sonder by James Lauman depicts that each stranger has a life as vivid and complex as our own.

Chaos becomes calm in a moment when thousands of starling birds fly in unison at dusk in an awe-inspiring pattern called *Murmuration* showcased in a work that recreates a mesmerising and frenetic swarm.

Barerarerungar meaning "Country" in *Boonwurrun*, a language from Kulin Nation. This impressive, stunning projection pays tribute to practices on Country, while also creating a space for communal reflection at the heart of Vivid Sydney.

Our cocktails inspired by "Canvas for Creativity" from artist taking the risk to create a greater opportunity for cultural expression.
